

Figure 1 shows a 3D plot of the evolution of the system (1) for different values of the parameter α . The plot displays a surface in a 3D coordinate system with axes labeled x , y , and z . The surface is a smooth, curved sheet that rises as x and y increase. The plot is titled "Figure 1" and includes a legend indicating the values of α : 0.0, 0.2, 0.4, 0.6, 0.8, and 1.0. The axes are labeled x , y , and z , with x ranging from 0 to 10, y from 0 to 10, and z from 0 to 10. The surface is colored with a gradient from blue at the bottom to red at the top.
